CUT ALONG DOTTED LINES
**Level 1—Bunny Patch Match**

*Object of the Game:* Be the first player to fill your card and win!

Place the bunny cards in the middle of all players in a grid formation, word side down. Each player chooses a game card and places it in front of them with “Level 1” facing up. The youngest player begins the game by flipping over a bunny card and reading the word out loud. He then checks to see if that word rhymes with one of the words on his game card. If the player has a word that rhymes, he says both words aloud and the bunny card is placed on top of the matching word on the card. If he does not have a rhyming word, the bunny is put back, word side down, to where it was originally picked. It is then the next player’s turn. Play continues to the left until one player covers all five of the bunnies on the game card.

**Level 2—Bunny Pairs**

*Object of the Game:* Be the first player to fill your card and win!

Place the bunny cards in the middle of all players in a grid formation, with the word side down. Each player chooses a game card and places it in front of them with “Level 2” facing up. The youngest player begins the game by choosing two bunny cards, flipping them over, and reading both words aloud. If the two words rhyme, the bunnies are placed next to each other on the bunny-shaped outlines on the card. If the words do not rhyme, both bunnies are flipped back over and returned to their original spots. It is then the next player’s turn. Play continues to the left until one player fills all of the bunny-shaped spaces on their card with 5 pairs of rhyming words and reads all of the rhymes aloud.
